DEFINING THE SLEEP ZONE™

Provide a clean and healthy sleeping environment for your family.

Bed bug and dust mite infestations are serious problems that can cause a variety of health concerns including asthma, eczema and allergies. ALLER-ZIP® mattress and box spring encasements provide an effective barrier to infestation. Because treatments can't reach the core of an already infected mattress and box spring, they usually need to be disposed of – but no longer. ALLER-ZIP® protects your mattress investment and most importantly, your health.

- Ultimate allergy protection
- Certified by an Entomology Laboratory to be bed bug bite proof
- Superior protection against bedwetting
- Dust mite barrier and allergy protection
- Protects against allergens such as pet dander, pollen and mold
