DEFINING THE SLEEP ZONE™

The Sleeplogic® Collection

Microfiber Duvet

SLEEP WELL, LIVE WELL

The new hypo-allergenic Microfiber Duvet from the Sleeplogic® Collection is an exciting way to turn a long, cold winter night into a luxurious sleep experience. Millions of the finest man-made microfibers create an airy duvet filling that retains body heat while drawing moisture away from the skin. Sleepers get sumptuous warmth without the weight, along with some very cozy dreams!

The Sleeplogic® Microfiber Duvet provides exceptional warmth'n'comfort...

- Microfiber filling is soft and lightweight
- Always re-fluffable, never flattens or clumps
- Hypo-allergenic
- Anti-allergen and proven to control dust mites
- Highly durable
- Duvet cover is 100% percale cotton with 233 thread count
- Classic box stitch construction keeps the Microfiber filling evenly distributed throughout the duvet
- Anti-allergen and proven to control dust mites
- Totally reversible

The Sleeplogic® Microfiber Duvet is so easy to maintain...

- Wash at 60°C and tumble dry at a low setting
- Avoid bleach or harsh detergents. Use regular or delicate fabric soap products
- Frequent washing cannot harm the Microfiber filling or cause any deterioration in its outstanding features and quality

Available in four sizes...

- Twin Size: 39"x75"x12"
- Full Size: 54"x75"x12"
- Queen Size: 60"x80"x12"
- King Size: 76"x80"x12"
