ErgoPillo™

SLEEP WELL, LIVE WELL

Welcome to the next generation in sleeping comfort. ErgoPillo's™ 'Posture-Perfect' design reduces pressure points which cause discomfort and can hinder a good night's rest. Sleep in comfort and wake up refreshed with ErgoPillo™.

The Visco-Elastic advantage. Experience the difference.

Visco-Elastic Foam is a revolutionary Open Cell Foam technology that actively adjusts and molds to the contours of the body. By minimizing pressure points and by providing consistent, even support, it significantly helps to improve circulation. Combine this with the Ergonomic design and style of the ErgoPillo™, and the result is less tossing and turning and a better night's rest.

Why ErgoPillo™ will give you the comfort and rest you deserve:

- Ergonomic alignment – for a 'Posture-Perfect' contour
- Visco-Elastic polyurethane foam – for unparalleled comfort
- 'Thermo-activated' – body heat forms a custom fit
- 5 year guarantee – another reason to rest easy
